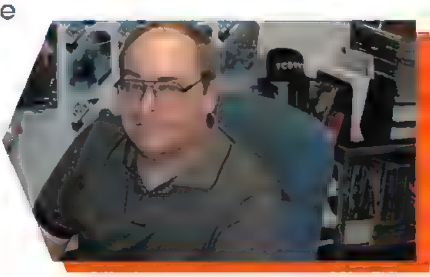
PREVIEWS FROM THE EDITOR

TWO MONTHS AND COUNTING…

That's right folks, we're down to just a couple of months before ***Free Comic Book Day 2020*** on Saturday, May 2nd. It's going to be another great day for comic shops, comics fans, and those elusive and always welcome "we just walked in off the street to see what's going on" folks, for they are all potential new hobbyists, and we love 'em!

If you haven't checked out our crop of new FREE comics being offered on the first Saturday in May, then turn to page 27 of this issue and check them out. We'll wait…

In the meantime, let's talk about our March issue, why don't we? It's *WOMEN IN COMICS* month in this issue of ***PREVIEWS***, and as in previous years, we're drawing attention to the talented writers and artists who create comics that range from slice-of-life graphic novels to super-heroics, humor, and high adventure. On page 346, our friends at Oni Press have participated in a mini-interview editorial, featuring female Oni Press editors and creators.



That's all I have time for this month! But before I sign off, let me congratulate Steve Geppi and the entire Diamond Comic Distributors team on our recent 38th anniversary. I've been on the job here for over 31 years, and it has been my sincere honor and pleasure to help shepherd the ***PREVIEWS*** catalog into shops every month, working alongside a great bunch of people. It's been a blast!

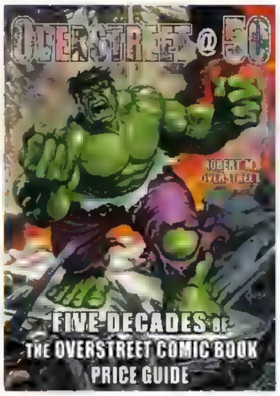
Where The Magic Of Collectibles Comes Alive!



THE ROAD TO OVERSTREET 50

Leading up to *The Overstreet Comic Book Price Guide* #50 release on July 22, 2020, Gemstone Publishing will commemorate the milestone by diving into the publication's rich history. Prior to #50, readers can get their hands on *The Overstreet Comic Book Price Guide* #1 Facsimile Edition. A faithful reproduction of the first *Guide*, it comes as a standard softcover edition, limited hardcover version, and a limited, numbered hardcover signed by author Robert M. Overstreet.

The *Guide*'s 50-year history is celebrated in *Overstreet @ 50: Five Decades of The Overstreet Comic Book Price Guide*. An extensive interview with Bob Overstreet, is joined by commentaries from Paul Levitz, Maggie Thompson, Beau Smith, David T. Alexander, Buddy Saunders, Matt Nelson, Steve Borock, and others. With a cover by Joe Jusko, it provides a look at the *Guide*'s development, five-decade cover gallery, the complete Overstreet Hall of Fame, vintage concept art, ad materials, and more.

Steve McQueen Bullitt Mustang Sells for $3.74 Million

MARVEL PREMIERE
IRON FIST

The 1968 Mustang Bullitt GT that Steve McQueen drove in the iconic action movie, *Bullitt*, sold for $3.74 million through Mecum Auctions. The sale makes it the most expensive Mustang ever sold, passing the 1967 Shelby GT500 Super Snake that cleared $2.2 million in 2019.

Sean Kiernan, whose father bought the car in 1974, consigned it to the auction. The car had sat in the family's garage for four decades, then was brought back into the public at the 2018 Detroit auto show. Kiernan then took the Bullitt on a two-year tour around the world before it was sold through Mecum Auctions.

The Bionic Might of Misty Knight

Misty Knight, created by Tony Isabella and Arvell Jones, recently saw her 45th anniversary. Debuting in *Marvel Premiere* #21 (March 1975), Misty was a New York cop before becoming a super-powered heroine. Forced to amputate her right arm after a bomb attack, Misty resigned from the police rather than take a desk job.

Tony Stark made a bionic arm for her that could punch with incredible force and crush objects as tough as steel. Shortly after getting the arm, Misty teamed with her friend Colleen Wing to form the private detective agency, Nightwing Restorations. Together they would deal with cases nobody else was willing, or able, to resolve.

- **Bone Parish Volume 1 TP** (JAN191370)
- **Punk Mambo TP** (JUL192302)

Please tell us a bit about yourself!

I've been a professional comic book writer for a little over a decade now. I've done a ton of creator-owned books like *The Sixth Gun* (*Vol. 1* / APR171874), *Harrow County* (*Vol. 1* / AUG150030), Helheim (Vol. 1 / NOV131163), *Bone Parish* (Vol. 1 / JAN191370), and numerous others. I've also worked with Marvel, DC, Valiant and Archie on dozens of titles, featuring characters ranging from Cheryl Blossom to the Uncanny X-Men. I write in all sorts of genres, but I come back again and again to the realm of horror. That's where I feel most at home. In 2020, I'm launching *Shadowman* with Valiant Entertainment, taking my love of superheroes and horror to some scary, action-packed places!

What are your favorite projects you've contributed to over the past decade?

There are so many books that I've dearly loved working on over the past decade. You have to keep in mind, almost all of my work has come out during that time. *The Sixth Gun* and *Harrow County* are both series I'm very proud of. No false modesty. I think both of those series are really great, and we were able to take both of them to their natural conclusion. That's a big deal! *The Sixth Gun* was 50 issues. *Harrow County* was 32! I'm also really proud of books like *Magneto* (*Vol. 1* / JUN140739) and *Deadpool Kills the Marvel Universe* (AUG120709) for Marvel and *Sinestro* (*Vol. 2* / APR150300) for DC. And *Regression* (*Vol. 1* / SEP170659) and *Bone Parish* are both horror stories from recent years that I'm really happy with. I'm very excited about working on the supernatural characters in the Valiant Universe. With *Punk Mambo* (JUL192302) and now *Shadowman*, I feel like I'm putting a fingerprint on the magic and mysticism of a very cool superhero world.

What are you currently working on?

In addition to *Shadowman*, I'm working on another title for Valiant right now, and I'm working on several new books that will be announced sometime in the next several weeks. I think there are going to be some really cool announcements coming up, because I'm working on some surprising books that are simply perfect for me!

What fun titles are you reading?

I'm really enjoying *Sea of Stars* (Vol. 1 / OCT190059) and *Family Tree* (Vol. 1 / FEB200094) from Image, two very different books that showcase the versatility of indie titles. I'm digging *The Visitor* (SEP198223) from Valiant, because I like the feeling of getting in on the ground floor with a character like that. I've been re-reading *Southern Bastards* (Vol. 1 / JUL140517) in the last week or so, and I'm getting ready to re-read *Deadly Class* (FEB200626).

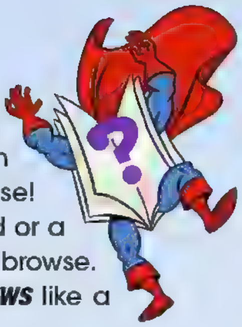
Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

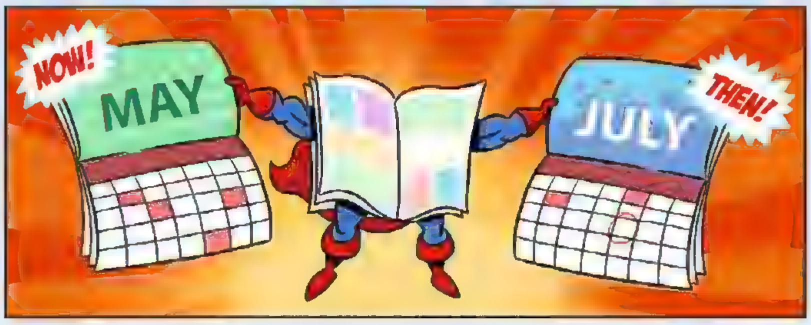
USER'S GUIDE



There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

EARTH IS THE BATTLEGROUND IN MARVEL COMICS' *EMPYRE #3*

Earth becomes a battleground as the Kree/Skrull warfleet makes landfall when Al Ewing, Dan Slott, and Valerio Schiti's *Empyre* continues in May!

United by Hulkling under a single banner, the Kree and the Skrulls have launched an invasion of our solar system. Separate attempts by the Avengers and the Fantastic Four to defuse the situation failed; now the invasion has landed, and Wakanda is the battleground for a conflict that will determine the fate of all life on Earth. Meanwhile, in deep space, the Kree and the Skrulls may not be so united in purpose as they seem as plots and counterplots roil the emperor's court!

The second act of Ewing, Slott, and Schiti's *Empyre* kicks into high gear in issue #3. The Avengers and the Fantastic Four join forces as more heroes enter the fight against the Kree/Skrull alliance, including an unexpected Avenger, but even that may not be enough to save the Earth!

The war comes home this May in Al Ewing, Dan Slott, and Valerio Schiti's *Empyre* #3, and no Marvel fan can miss it!

P. CRAIG RUSSELL RETURNS TO THE NORSE GODS IN DARK HORSE COMICS' NORSE MYTHOLOGY

Twenty years ago, P. Craig Russell won the Eisner Award for *The Ring of the Nibelung*, his 14-part adaptation of Richard Wagner's opera based on Norse mythology. This spring, Russell returns to the milieu of the Norse gods as he adapts Neil Gaiman's best-selling book, *Norse Mythology*, for Dark Horse Comics. Joined by artists Mike Mignola and Jerry Ordway and colorists Dave Stewart and Lovern Kindzierski, P. Craig Russell brings the tales of the Norse gods as retold by Gaiman to life in the imaginative new series!

CLAMP'S *CLOVER* RETURNS TO PRINT IN A NEW KODANSHA EDITION

Set in a world where some children are born with the power to control technology and the military leads a crackdown to control them, Sue is the most powerful child found – a "4-leaf Clover." A PULP WRITER EXPERIENCES HIS OWN PULP ADVENTURE IN ED BRUBAKER AND SEAN PHILLIPS' NEW GRAPHIC NOVEL

Throughout the first half of the 20th-century, newsstands and drugstores sold pulp magazines to an avid audience of millions, week after week. Written quickly, these adventures required writers who could come up with a plot in an afternoon and a manuscript in a matter of days, and Max Winter was one of the best. This writer of hard-boiled western adventures finds himself in a pulp-fueled adventure of his own, pursued by bank robbers and spies as he lives by his wits and his gun, in the new Image Comics graphic novel from Criminal's Ed Brubaker and Sean Phillips, *Pulp*. As much a reinvention of pulp fiction as it is a celebration of it, *Pulp* is another triumph from the acclaimed creative team!

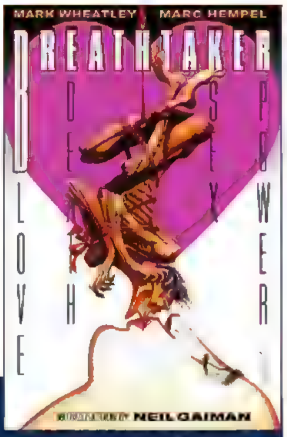
A NEW REMASTERED EDITION OF THE CULT CLASSIC, *BREATHTAKER!*

The long-awaited, remastered edition of the acclaimed graphic novel, ***BREATHTAKER***, by writer **MARK WHEATLEY** (***EZ STREET, FRANKENSTEIN MOBSTER***) and artist **MARC HEMPEL** (***SANDMAN, SWAMP THING***) returns with new and exclusive content, plus an introduction by **Neil Gaiman**!
In addition to an all-new origin comic ***Make Way For The Man #1***, there will also be a Norman Rockwell Museum exhibition promoting the launch. We sat down with writer **Mark Wheatley** to find out the story behind this exciting title.



MARK WHEATLEY

What can you tell us about the story behind Breathtaker?
Marc and I have been collaborating for years. One day while I was hiking in the woods, I remembered some beautiful, erotic science fiction paintings that Marc had been doing. I thought the paintings were breathtaking, and from that came the character called BREATHTAKER. Once I had that name I almost instantly came up with the entire set of characters and what their epic story would have to be.

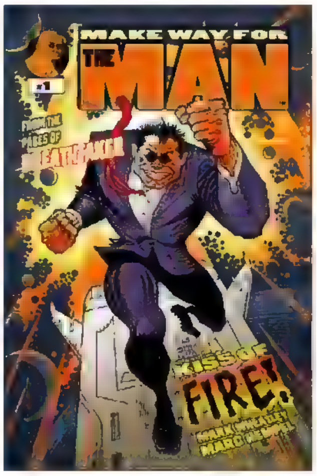
BREATHTAKER is a crowd-funded comic, how long have you been working on bringing it back into print?
BREATHTAKER was our first crowdfunding project. We knew that we wanted to give our backers tremendous value for their support. In spite of my ignorance, we managed to raise enough to get us started. That was over 6 years ago, and our backers have been wonderfully supportive. The results will be more than worth it the wait.

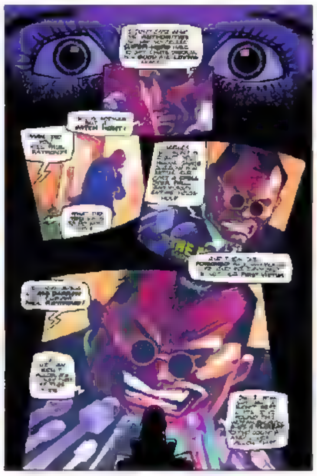
Do you think there is a particularl message behind this story?
I never set out to write a message story. I create characters and let them tell me who they are. But when the story is complete, then I can usually see what I was saying. It is a bit like a dialogue with yourself. For BREATHTAKER the message seems to be; we are all mixtures of good and bad. We can strive to improve ourselves, but that only works if you can come to love yourself, accept the flaws while trying to improve. That is the real challenge for most of us, and it is certainly the challenge for many of the characters in BREATHTAKER.

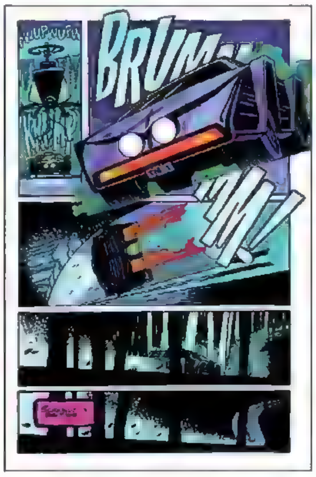
Are there any particular pieces of artwork by Marc that stand out in your mind?
I have never worked with a more talented creator than Marc. He pushes himself beyond every limit to do his best work. The most impressive aspect of Marc's art for BREATHTAKER is his storytelling. Each character has identifiable body language. The panel-to-panel sequencing is right up there with Will Eisner, Harvey Kurtzman and Bernard Krigstein.

Will there be any additional material included in this collection that fans haven't seen before?
There are 60 pages of additional pages that include new story, new paintings and a good many behind the scenes details about the creations and collaboration. Marc and I and Titan have included every enhancement we could find or create to make this the definitive collection of BREATHTAKER.

What can you tell us about the Breathtaker Exhibition that coincides with the release of this remastered *Breathtaker* and *The Man*?
The "Breathtaker Exhibition," was created by the Norman Rockwell Museum in Stockbridge, Massachusetts and will appear first at McDaniel College in Westminster, Maryland. Long ago we realized that if we didn't keep the original art for BREATHTAKER, we would have a very hard time publishing new editions. That means we were able to select more than 90 original works of art for the exhibition and are able to explore the creative and physical processes that we went through when we created BREATHTAKER 30 years ago! This will allow viewers to see all aspects of our creative process and to follow the story. The exhibition will be on view August 24, 2020 through to October 30 2020.







Check out the Titan Comics section for more information about the Breathtaker Collection!

CRIME & MYSTERY, WESTERN

HARDCOVER EDITION

A gorgeous original graphic novel from the bestselling creators of **KILL OR BE KILLED**, **MY HEROES HAVE ALWAYS BEEN JUNKIES**, and **CRIMINAL**.

Max Winters, a pulp writer in 1930s New York, finds himself drawn into a story not unlike the tales he churns out at five cents a word—tales of a Wild West outlaw dispensing justice with a six-gun. But will Max be able to do the same when pursued by bank robbers, Nazi spies, and enemies from his past?

One part thriller, one part meditation on a life of violence, **PULP** is unlike anything award-winning **BRUBAKER & PHILLIPS** have ever done before. This celebration of pulp fiction set in a world on the brink is another must-have hardcover from one of comics' most acclaimed teams.

> "Like Scorsese & De Niro, **BRUBAKER & PHILLIPS** are the unmatched masters of a certain kind of storytelling. A new title from the sharpshooters behind **FATALE** and **CRIMINAL** is reason enough to go on living."

WRITER JASON AARON
ARTIST / COVER R.M. GUÉRA

MAY 6	40 PAGES	FC	M	$3.99

HISTORICAL FICTION | NEW STORY ARC

Writer **JASON AARON** and artist **R.M. GUÉRA** return to the stark and brutal world of **THE GODDAMNED** for the long-awaited second chapter of their biblical-noir epic.

GENESIS 6:4. "...the sons of God came in unto the daughters of men. And they bore children to them..."

In the time before the Great Flood, the world of man is a place of wanton violence and unbridled depravity. But hidden high atop a mountain, there is a very different sort of world. One without men. Here, the holy sisters at a secret nunnery live in paradise, a new Eden, rearing their flock of orphaned girls to embrace their future as blessed Brides of the Sons of God. But when Sharri and Jael, two girls on the cusp of flowering, uncover what it truly means to become a Bride, they realize there's only one way to escape the bonds of matrimony: run like hell.

If you liked **SOUTHERN BASTARDS** and **THE GODDAMNED**, you'll love the gritty noir vibes of **THE GODDAMNED: THE VIRGIN BRIDES**.

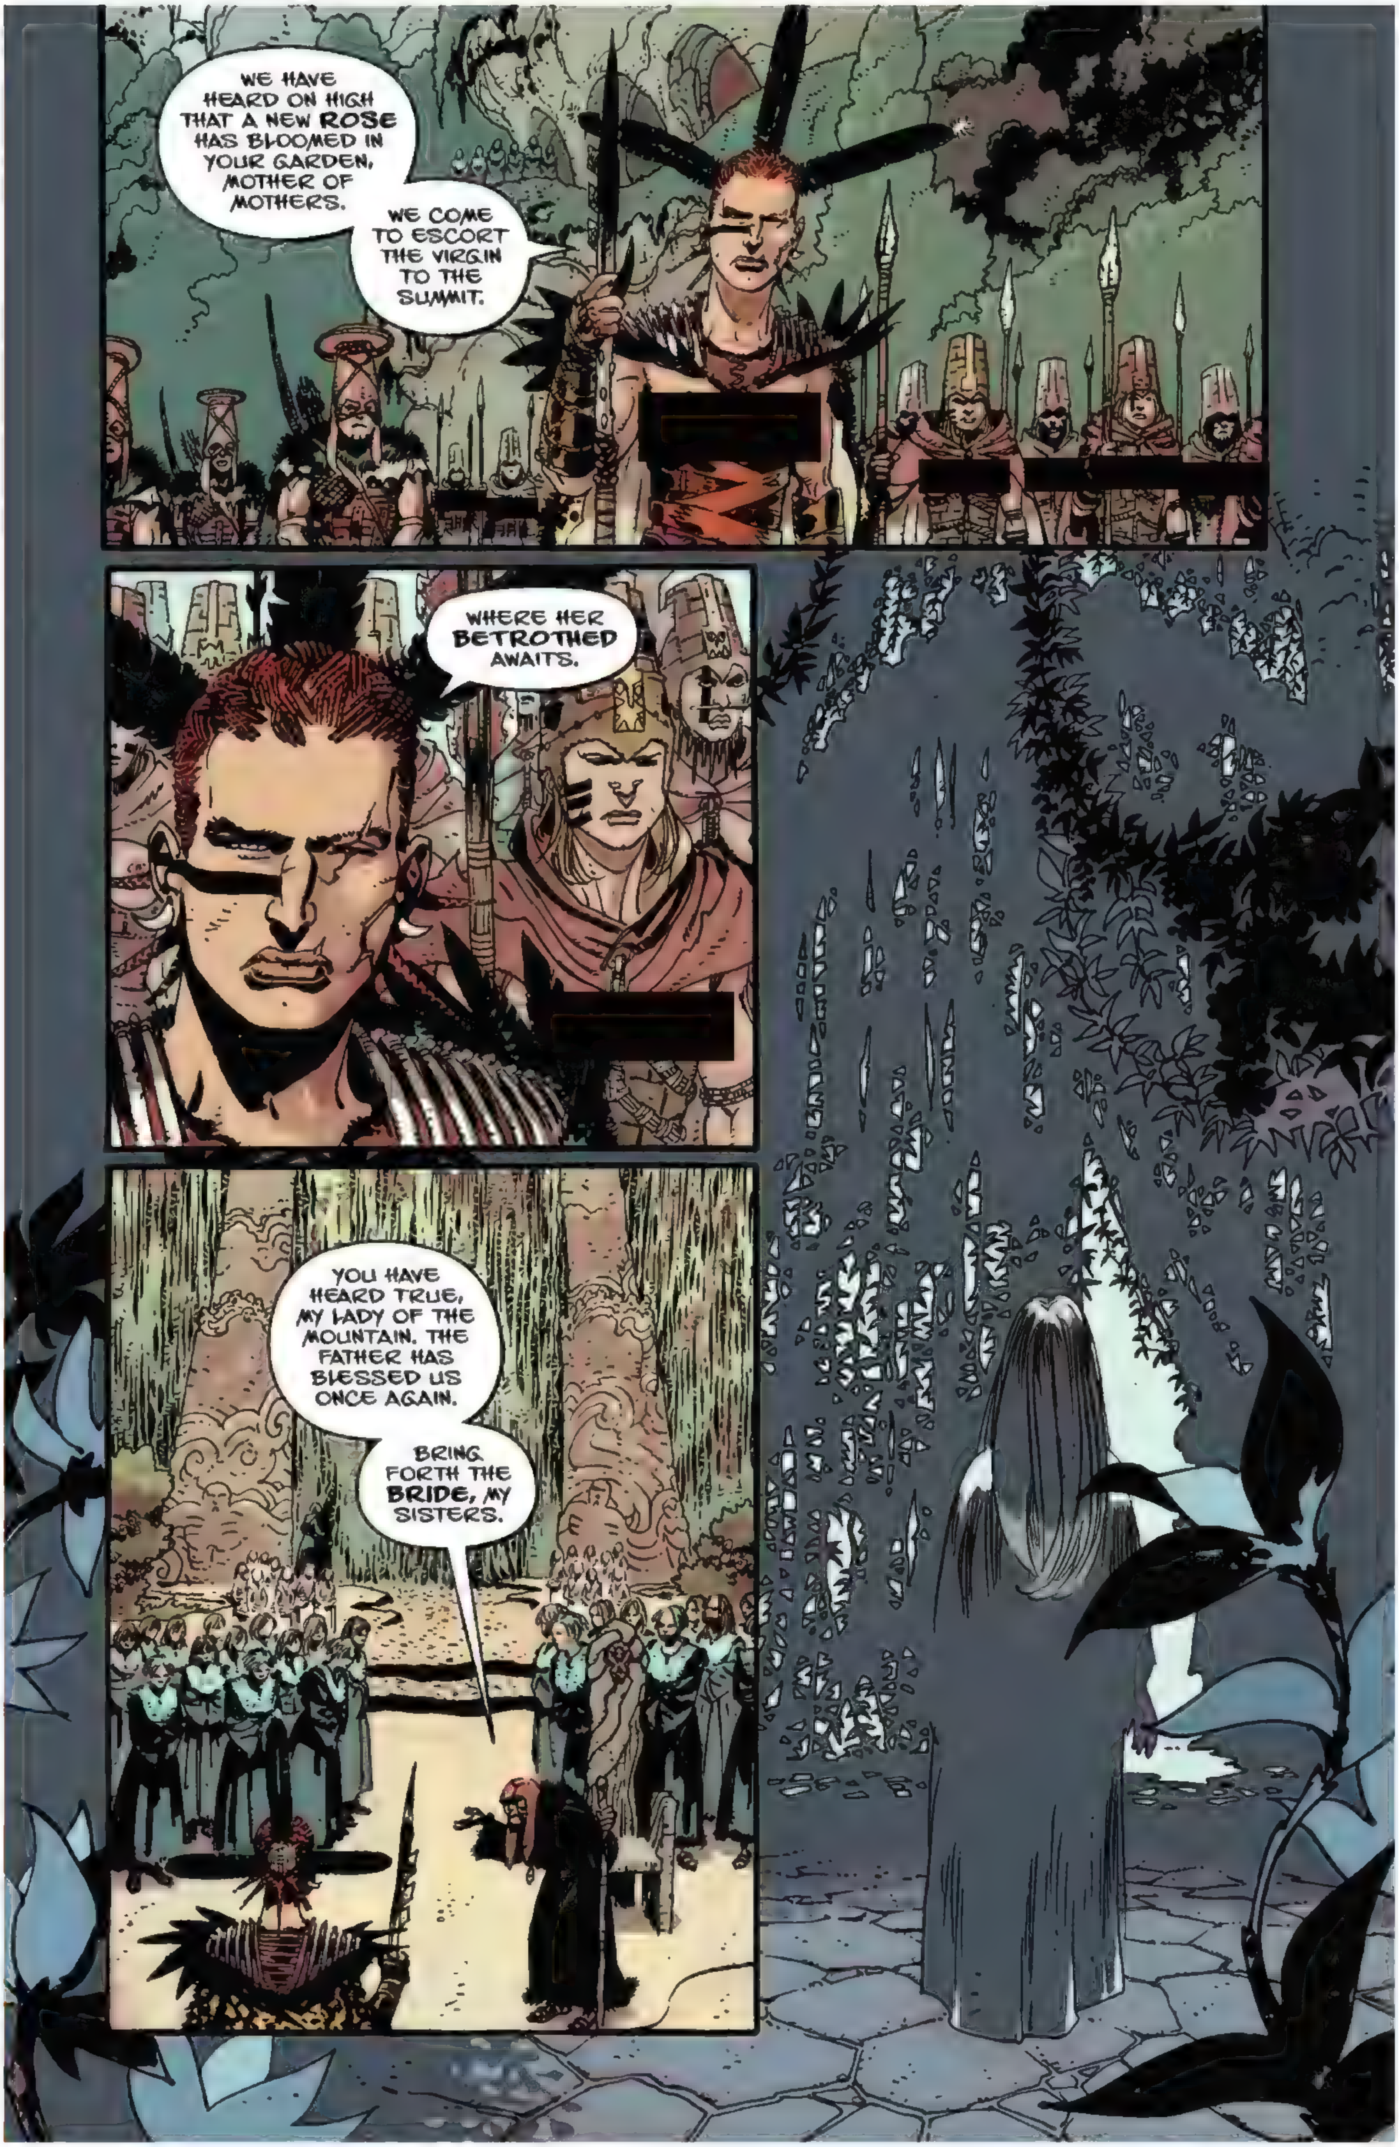
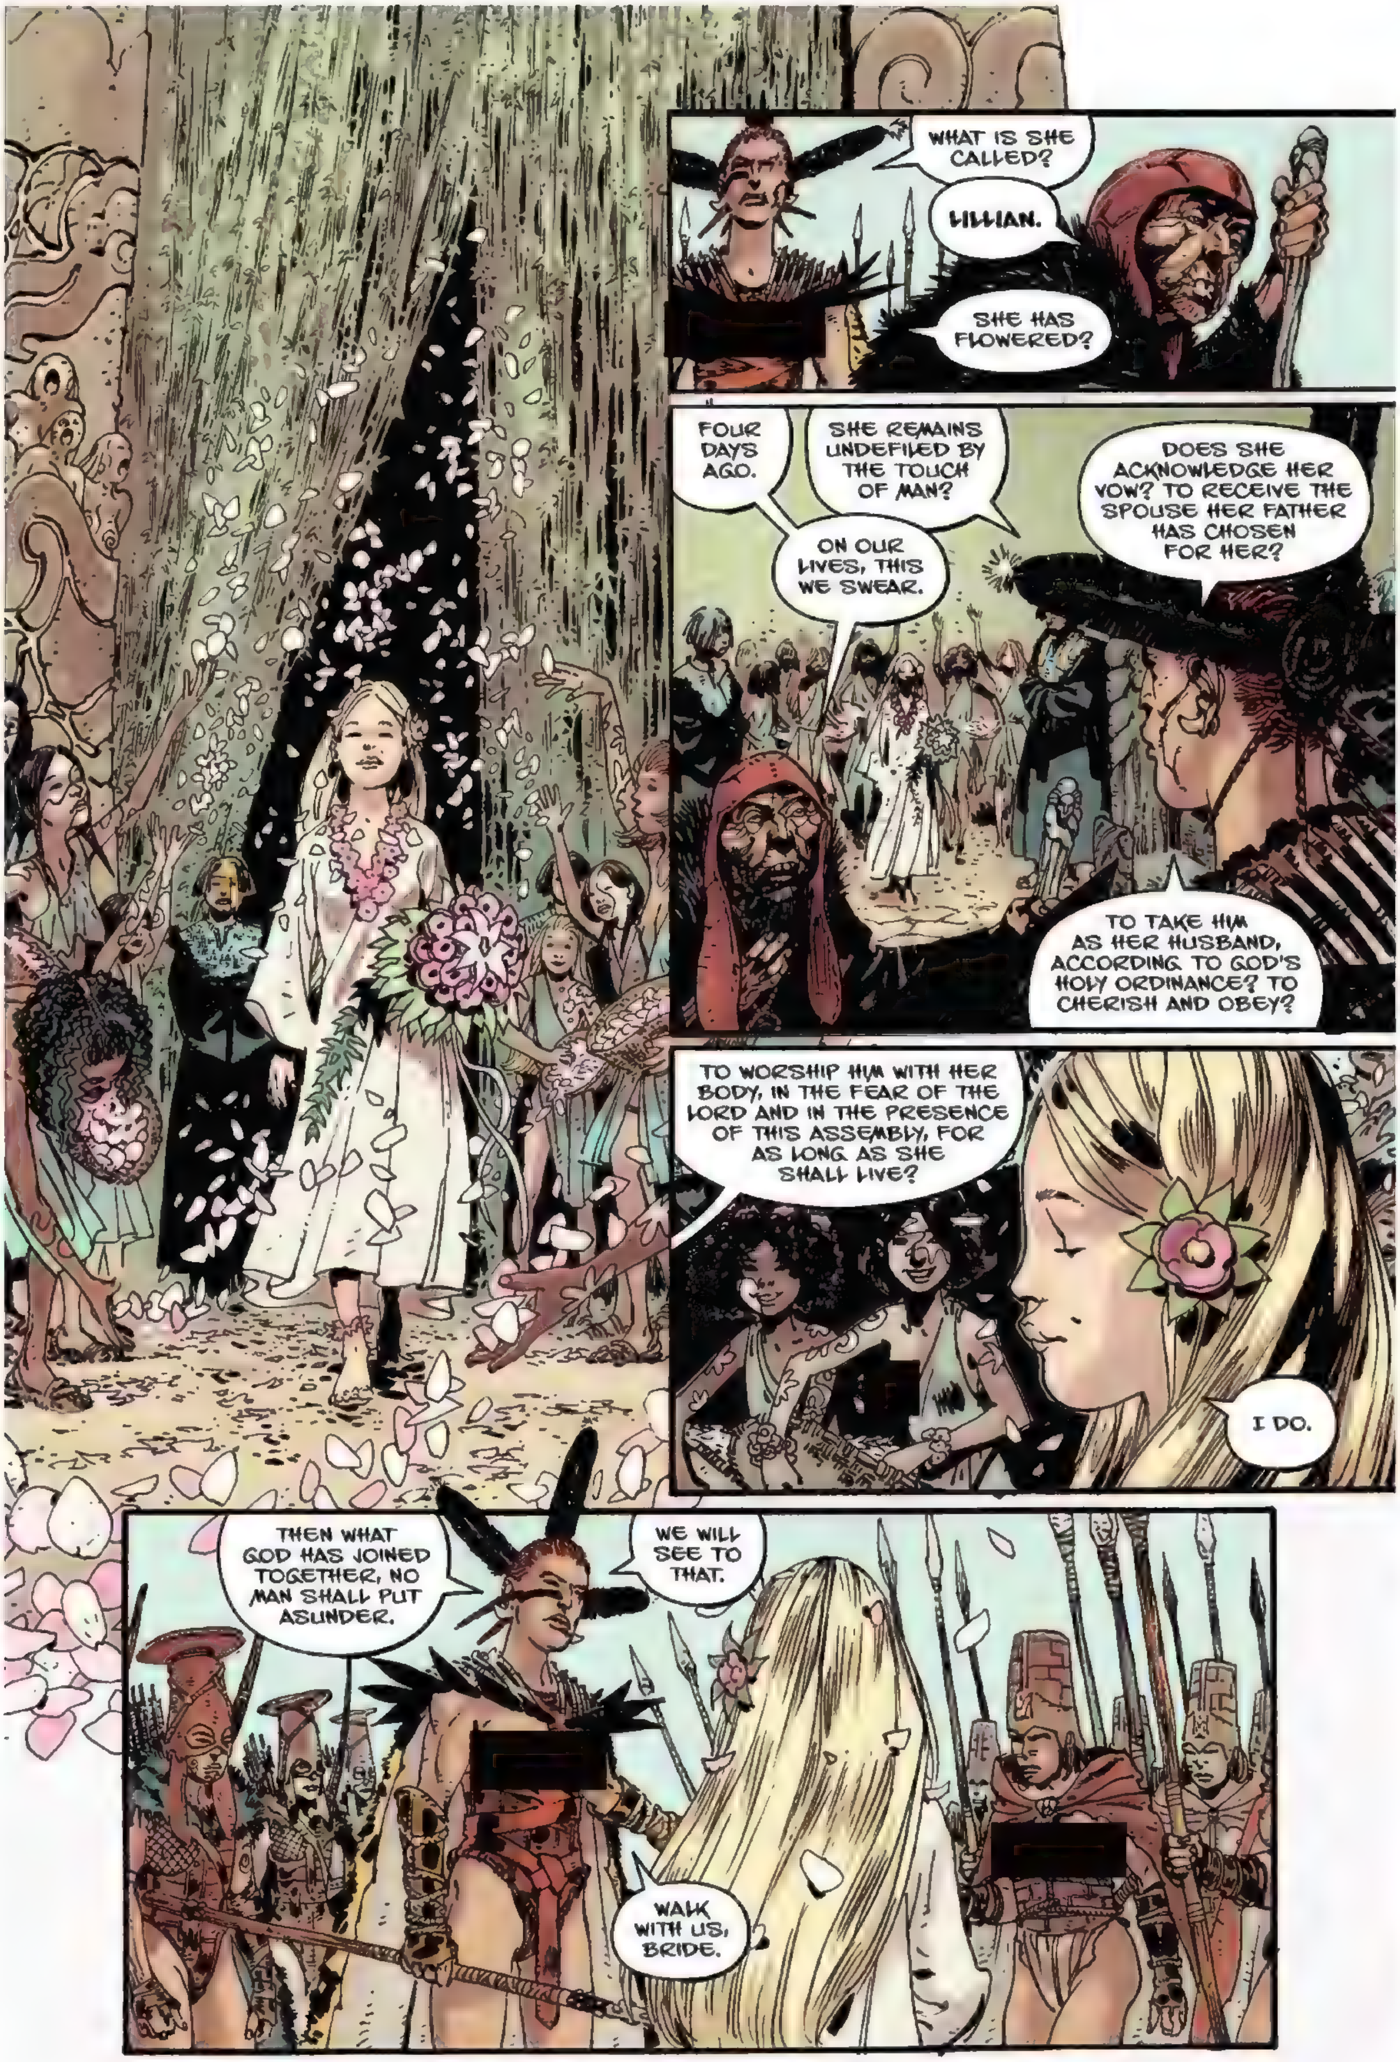
GREAT WARRIORS OF THE MOUNTAIN.
IN THE NAME OF THE HEAVENLY FATHER, WE BID YOU WELCOME TO OUR HUMBLE VILLAGE.
HOW MAY WE, THE OLD MOTHERS, BE OF SERVICE TO YOU?



WE HAVE HEARD ON HIGH THAT A NEW ROSE HAS BLOOMED IN YOUR GARDEN, MOTHER OF MOTHERS.
WE COME TO ESCORT THE VIRGIN TO THE SUMMIT.
WHERE HER BETROTHED AWAITS.
YOU HAVE HEARD TRUE, MY LADY OF THE MOUNTAIN. THE FATHER HAS BLESSED US ONCE AGAIN.
BRING FORTH THE BRIDE, MY SISTERS.



WHAT IS SHE CALLED?
LILLIAN.
SHE HAS FLOWERED?
FOUR DAYS AGO.
SHE REMAINS UNDEFILED BY THE TOUCH OF MAN?
ON OUR LIVES, THIS WE SWEAR.
DOES SHE ACKNOWLEDGE HER VOW? TO RECEIVE THE SPOUSE HER FATHER HAS CHOSEN FOR HER?
TO TAKE HIM AS HER HUSBAND, ACCORDING TO GOD'S HOLY ORDINANCE? TO CHERISH AND OBEY?
TO WORSHIP HIM WITH HER BODY, IN THE FEAR OF THE LORD AND IN THE PRESENCE OF THIS ASSEMBLY, FOR AS LONG AS SHE SHALL LIVE?
I DO.
THEN WHAT GOD HAS JOINED TOGETHER, NO MAN SHALL PUT ASUNDER.
WE WILL SEE TO THAT.
WALK WITH US, BRIDE.

The Lover
I was probably in love with Nelly before I met her...
Met her in person, I mean.
We'd been talking on the net for weeks by that time.
I'd be at work, bored out of my mind, and just start IMing her, and she'd ping me right back...
Laughing at whatever joke I made. Like she knew me.
Long before I even saw a picture of her, I was pretty sure she was the one.

Santa Cruz, California. A beach town just 50 miles from Neo-San Francisco. Lexi Rivers, former detective with the Neo-San Francisco Police Department, has left the big city behind in favor of opening her own agency.

Valentine's Day. A time for celebrating love–or finding it. When a robot's human lover goes missing, Lexi will be faced with a case unlike any she's tackled yet, one which just might show her that not all is as it seems in this pleasant beachside community.

Michael Golden is regarded as one of the masters of comic art, and his long-out-of-print *Micronauts* is regarded as the "holy grail" among his many legions of fans. Now, through special arrangement with Marvel Comics and Hasbro, IDW is proud to present Golden's *Micronauts* work in the multi-Eisner Award-winning Artist's Edition format.

An Artist's Edition showcases comic book original art in its most natural state, allowing the reader the opportunity to not only look at beautiful pages, but to also read the stories as well. It is the perfect opportunity for the true connoisseur of the form to experience art as never before. Each page has been meticulously scanned from the original art (in color, to show all the subtle nuances—blue pencil, white-out, staining—that make original art unique) and is presented at the same size they were drawn.

This gorgeous edition, prepared with the full cooperation of Michael Golden, will feature six complete issues—Micronauts #3, #7, #8, #9, #11, and #12! Plus, an incredible gallery section crammed full of story pages (something from each issue drawn by Golden), covers, pin ups and more—over 60 pages worth—making this the one book no Michael Golden fan can afford to miss!

How far would you go to get what you want?

In Fishtown, life isn't easy. Philadelphia is a big city, but all its problems come alive here. That's where Justin, Keith, Adrian, and Angelica hang out, and it's where they realize that all they need to be happier is to get some money. So that's what they're gonna do.

Though getting money in Fishtown isn't easy either. But Angelica knows a guy with a job. He's nice, and he likes her, so maybe he can help. And if he doesn't, well, maybe they have a plan for that too...

PRIEST GETS SACRED! SHARES INFO ON NEW SERIES

The title comes from this books's six core characters, most of which have been seen by fans in the main Vampirella title. Who is on the roll call and what has their paths crossing?

The all-new DRACULINA, PANTHA, NYX (no longer "Mistress"), CHASTITY, and the den mother, LILITH of Drakulon. We may see a little bit of Vampirella, and we've got a brand new character we're keeping secret...

The series is about a place, a wholly invented and prefabricated "city" of Sacred, set in the outskirts of Atlanta in the fictional Victor County, Georgia.

Jae Lee prologue art

The City of Sacred has been developed and rapidly constructed as a tool for arch conservatives to oppress the good vampires of the nearby town of Ashthorne, where a wide assortment of ghouls and goblins reside. Many of these creatures are actually the victims of vampires, werewolves and others. They live peacefully and do not victimize humans. They mind their own business, pay their taxes, mow their lawns. But that's not enough for the self-appointed, uber-righteous "protectors of truth" who have bankrolled this gleaming mini-city a few miles down the road and who have successfully lobbied the county to implement measures of eminent domain to plow through Ashthorne in order to extend an interstate thruway — trampling burial grounds that are actually the daily-use homes of the non-belligerent ghouls. To stave off all-out conflict, Ashthorne's mayor, DRAGO, has asked his mother, Lilith of Drakulon, to recruit a strike team to infiltrate and undermine the City of Sacred in order to defend Ashthorne, which results in a kind of High Plains Drifter meets Sons of Anarchy drama.

In Vampirella, you and artist Ergün Gündüz have overhauled and redesigned a few of Vampi's villains, some now assembled for SACRED SIX. For those coming into this book blind – which they totally can — what should folks know about this crew?

Nyx, whose core conflict — the internal struggle between her demon and human halves — aptly resonates with the theme of this book: the "sacred" versus the "profane" and the reality that the two are not at all mutually exclusive. It plays a lot of tennis with values like "good and "evil," finding both on either side of the net as the ball bounces back and forth between the modern, gleaming "city" of Sacred and the desperately impoverished, ancient farm town of Ashthorne. We will also meet an all-new Draculina, whom regular VAMPIRELLA fans will immediately recognize and who will have a unique character arc for which I cannot provide much of a preview without spoiling huge chunks of the series. What's important to note is that this ain't the X-Men. Readers absolutely can pick up #1 knowing nothing about our current Vampirella series, but it will quickly become apparent that the entirety of our "Seduction of The Innocent" Year One Vampirella story arc has led Vampi to this place: joining her scheming mother, Lilith, in Atlanta and her efforts to defend Ashthorne.

Fan-favorite Pantha will be getting that revamp attention now with artist JAE LEE handling those special sequences. Can you tease how you'll be reinventing this particular heroine?

I can see the headlines now: "Priest Returns To Black Panther!"

Readers WILL find a reconceptualized Pantha, who has been part of Vampi's world for decades. Pantha has had several origin stories and several interpretations of this woman who can shapeshift into a (ahem) black panther. Our series flips that script a bit, finding an animal (first) which has the capacity to transform itself into a human. Which is to say, Pantha is completely a feline whose humanity has been repressed and begins to emerge over the course of her character arc. Jae and I have made several attempts to develop something together. I am totally psyched to have finally found the right project for us and am looking forward to this dynamic story, serialized over the course of the book's first several issues.

Jae Lee prologue art

What does this book offer in comparison to Vampirella, in terms of story, tone, etc? How can readers expect them to play off each other?

In Year Two, Vampirella's focus will shift from Earth to Drakulon, as Lilith gets kidnapped and dragged home by her hair in order to face trial for her crimes, and Vampi struggles to decide whether or not to intervene. This will lead to Vampirella's reunion with the human she rescued in her classic Forrest J. Ackerman origin story who must now help her find the way home. SACRED SIX will, of course, focus on our tale of two cities. While intersecting a bit at launch, the two books will follow different paths and be distinctly different books. We are not doing "Vampirella Weekly"-style continuity, but are birthing a completely different animal and expansion of our version of the Vampirella shared universe.

First appearance of Pantha!

Timed to complement her reappearance in Sacred Six as part of CHRISTOPHER PRIEST's larger Vampirella saga, Dynamite is proud to reissue Pantha's first appearance. Presented exactly as it appeared in 1973, this issue includes a bounty of heart-pounding stories, art and fun ads. In her debut from writer STEVE SKEATES (Aquaman), Pantha's mysterious abilities are teased as she strikes down many a man who wrongs her. While Vampirella is in the midst of her creative peak in the Warren years, as definitive artist JOSE GONZALEZ has our heroine nearly sacrificed in a ritual to an Aztec god. The hidden gem here is a full color story by the incomparable RICHARD CORBEN! Laugh at the fun retro ads like 10 foot balloons, 8 inch plastic flies, ant colonies and early Vampirella tee shirts. All underneath the bow of an ENRICH painting!

In the aftermath of the tragic plane crash that changed Vampirella's life, Vampi's enemies revel in their triumph while she hits emotional rock bottom, having lost the life she'd built as "Ella Normandy." This leads to Vampi seeking help from two unexpected sources: a trauma specialist working with the airline, and, ultimately, the real enemy who's been out to destroy her.

War looms overall, but it is darker powers than swords that trouble the eunuch known as Lord Varys - the sorcerers' power of the Lord of Light that Stannis Baratheon has seemingly aligned himself with. A THIEF AMONG THE TREES
• AN EMBER IN THE ASHES GRAPHIC NOVEL •

New York Times bestselling author **Sabaa Tahir** joins writer **Nicole Andelfinger** and artist **Sonia Liao** for an all-new original graphic novel introducing the dangerous world of ***An Ember in the Ashes*** to new readers and revealing an untold story of Elias and Helene's beginnings at Blackcliff Academy in this stirring standalone chapter in the series' mythology.

Before they were on different sides of a revolution, Elias and Helene were comrades at Blackcliff Military Academy. When they're sent on a dangerous mission to steal a heavily-guarded poison on Isle South, they soon find themselves up against surprising enemies—including other recruits. As the true horror of their assignment is revealed, they will begin to confront the harrowing realities of Martial rule, their place in the system...and the choices they must make to survive.

Hmph. *Luck.* We don't need luck, we've got *skill.*
Yeah, sure...
We're still alive for a reason, Tavi. We're the *best* in our class. Simple as that.
I'm not saying we aren't. I'm just saying this isn't like a regimented rotation in *Kauf.* You know what you're getting there.
Here...? Not so much.
Have some faith...last month was a good one. How many *vials* did they get?

25...out of more than 60 expected. Half of that class was assigned a *Lacertium* run too.
Papillius made it back.
But no one thought he would...
You don't make it back if you aren't *strong.*
He might have made it back, but he's not coming back to Blackcliff. Can't be a *Mask* and defend the Empire if your hands are too shattered to hold a *scim* properly. He wouldn't even last another semester in his condition...
Well, he had his chance and didn't make the cut. He's just lucky he lived.
We're almost at the beach. Remember...

The poison is harvested from the skin of salamanders found *only* on the north part of the isle.
We know they watch the shoreline, but it's faster to infiltrate through there than the hundred mile trek from Lacertium.

We were all there for the Commandant's speech, remember? If we move *fast*, and use what we brought, we can get *in* and *out* in a night.

SOMETHING is KILLING the CHILDREN
VOLUME ONE
"IT'S HORROR DONE INSPIRINGLY. TERRIFYINGLY RIGHT."
SCOTT SNYDER

When the children of Archer's Peak begin to go missing, everything seems hopeless. The few children that return alive have terrible stories—impossible details of terrifying creatures that live in the shadows. Their only hope is the arrival of a mysterious stranger, one who believes the children and claims to be the only adult who sees what they can see.

Her name is Erica Slaughter. She kills monsters. That is all she does, and she bears the cost because it must be done.

GLAAD Award-winning writer **James Tynion IV** *(The Woods, Batman: Detective Comics)* teams with artist **Werther Dell'Edera** *(Briggs Land)* for a haunting series about staring into the abyss… and what happens when the abyss stares back. Collects issues #1-5.

FIRE ON THE WATER GN

(W) Scott MacGregor
(A) Gary Dumm

With immigration and workers' rights dominating the news cycle, this story is an important reminder of the essential role of immigrants in the history of the United States. As historical fiction, *Fire on the Water* sheds light not only on one of America's earliest man-made ecological disasters but also on racism and the economic disparity between classes in the Midwest at the turn of the century. This original graphic novel features an introduction by Paul Buhle (*The Art of Harvey Kurtzman*), author, biographer, and former senior lecturer at Brown University, has received acclaim from *New York Times* bestselling author Derf Backderf, and earned a place on the *Boston Globe*'s Best Books of 2017 list. Clever, haunting, and told with exceptionally original and expressive art, *A Gift for a Ghost* is a treat for readers and art lovers alike. ANDY CLARKE w/ JOSE VILLARRUBIA cover

Garth Ennis' Complete Masterpiece of Terror in One Unrelenting Hardcover!

So these two FBI agents walk into a warehouse...

Special Agents Shaw and McGregor handle the routine cases nowadays, which is just the way Shaw likes it. She's pushing 40, a borderline burnout, the ghastly memories of her last investigation still clinging like shadows. McGregor is younger, more dedicated, hanging onto some measure of idealism whatever the world might throw at him.

When two fellow agents go missing inside a Long Beach warehouse, Shaw and McGregor are sent to investigate. But what they find waiting is far from routine, as the local police have already discovered to their cost. Before the night is out, our heroes will encounter terror beyond their most appalling nightmares–in a place where the night may never end at all.

A new kind of horror story for modern America, written by Garth Ennis (*Preacher, The Boys, Crossed*) and drawn by Goran Sudžuka (*Y: The Last Man, Hellblazer*)

"The dread builds with every page..."– PATRICK HAYES, SCIFIPULSE

Izzy is the dreamer. There's nothing Izzy loves more than acting in skits and making up funny stories. The downside? She can never quite focus enough to get her schoolwork done. Bri is the brain. But she wants people to see there's more to her than just a report card full of As. At the same time, she wishes her mom would accept her the way she is and stop bugging her to "break out of her shell" and join drama club. The girls' lives converge in unexpected ways on the day of a school talent show, which turns out to be even more dramatic than either Bri or Izzy could have imagined. (STL143069)

LOUD

[Paperback Edition]

written & illustrated by MARIA LLOVET

[$9.99 | Paperback Edition | 104 pgs | Full Color | Original Graphic Novel | MATURE]

***"Emotional, chaotic, propulsive, LOUD is a beauty;
a book not to be read, but to be felt."
- BRIAN AZZARELLO***

The LOUD nightclub. A latecomer stripper, a pissed waitress, a hitmen couple, a suspension bondage performer, a pregnant teenager, a clan of vampires, a pedophile, a lesbian junkie, a divorcing middle-aged woman, a sadistic dominatrix, and many other souls in search of love, drugs, and blood converge at the hottest club in town on a night that none will ever forget. If they survive.

*LOUD is like THE HUNGER if directed by Tarantino -- a stylish, tripped-out bloodbath of beautiful and vicious decadence.
You'll feel the beat throbbing in your skull, smell the sweat, taste the blood, and lose yourself in the wicked underworld masterfully wrought by MARIA LLOVET ("Faithless").*

LOUD is the kind of book that will get into your spine and give you flash-backs twenty years later, you'll turn to your friend and say "remember when comics had guts and creators made books like LOUD?"

The smash hit that instantly sold out its hardcover printing, now available for the first time in paperback.

COMIC BOOKS OF THE PAST RALLY US TO THE POLLS TODAY!

Artist: **Al Avison, Tom Feelings, and others**

In the 1950s there was the Cold War and Red Scare! These fears motivated civic organizations and major comic book companies to team up and create beautifully drawn comic books with clever stories to be passed out free. There were titles like **"The Man Who Stole Your Vote," "If Your Children Could Vote,"** and **"Your Vote is Vital."** The 1960s Civil Rights-era had the NAACP behind a historically important, engaging comic book **"The Street Where You Live."** These lost comics and more are beautifully restored in this fascinating book edited by multi-Eisner-winning **Craig Yoe**.

LANGOSH & PEPPI VOLUME 1: FUGITIVE DAYS GN

(W/A) Veronica Post

This debut graphic novel tells the story of the 2015 European "migrant crisis" in Budapest, Hungary through the perspective of Langosh and Peppi, a vagabond and his faithful dog. Based on Post's own experiences, Langosh and Peppi escape the pressures of conformity by exploring out-of-the-way places, where they stumble on the vestiges of the war torn region's hidden past. However, Langosh and Peppi discover the stark difference between choosing a transient lifestyle, and being forced from one's home and country. We meet people whose tragic personal struggles are enmeshed with the national struggles that continue to divide and destroy so many lives, see families torn apart due to ignorance and fear, and witness the disturbing global rise of nationalism. TOPP: PROMOTER GARY TOPP BROUGHT US THE WORLD GN

(W/A) David Collier

David Collier's latest graphic novel explores his involvement in the cultural landscape of Toronto in the 1970s and 80s, specifically focusing on the life of Gary Topp, a concert promoter and founder of the pioneering Canadian repertory cinema. Topp emerged from an immigrant background, abandoned the family textile business, and became an influential figure in the lives of an entire community. Though outspoken and opinionated, Topp inspired love and devotion, not only in those who worked for him, but also in the acts he booked—including the Ramones, The Police, and the Dixie Chicks. Writer Garth Ennis and artist PJ Holden present *The Stringbags*, based on the true story of the Royal Navy's Swordfish crews in early World War II. A biplane torpedo bomber in an age of monoplanes, the Fairey Swordfish was underpowered and under-gunned; an obsolete museum piece, an embarrassment. Its crews fully expected to be shot from the skies. Instead, they flew the ancient "Stringbag" into legend. From their triumphs against the Italian Fleet at Taranto and the mighty German battleship *Bismarck* in the Atlantic, to the deadly challenge of the Channel Dash in the bleak winter waters of their homeland. They lived as they flew, without a second to lose-and the greatest tributes to their courage would come from the enemy who strove to kill them. THE SKY IS BLUE WITH A SINGLE CLOUD GN

(W/A/CA) Kuniko Tsurita

The Sky is Blue with a Single Cloud collects the best short stories from Kuniko Tsurita's remarkable career. While the works of her male peers in literary manga are widely reprinted, this formally ambitious and poetic female voice is like none other currently available to an English readership. A master of the comics form, expert pacing and compositions combined with bold characters are signature qualities of Tsurita's work. An exciting and essential gekiga collection, *The Sky Is Blue with a Single Cloud* is translated by comics scholar Ryan Holmberg and includes an afterword cowritten by Holmberg and the manga editor Mitsuhiro Asakawa delineating Tsurita's importance and historical relevance. WENG PIXIN

Sweet Time is an intimate rumination on love, empathy, and confidence. Singaporean cartoonist Weng Pixin delicately explores strained relationships with a kind of hopefulness while acknowledging the inevitable collapse. Her stories are like a series of snapshots in a photo album or the brightest highlights from an Instagram profile. Weng combines colorful realism with a gentle wit and introspection, crafting infinitely relatable stories of everyday life and love now. (STL153632)

WENDY, MASTER OF ART GN

(W/A/CA) Walter Scott

Wendy is an aspiring contemporary artist whose adventures have taken her to galleries, art openings, and parties in Los Angeles, Tokyo, and Toronto. Walter Scott's sly wit and social commentary zero in on MFA culture as our hero decides to hunker down and complete a master of fine arts at the University of Hell in small-town Ontario. It is deeply funny and endlessly relatable as it shows Wendy growing up from Millennial art party girl to successful artist, friend, teacher — and Master of Art. (STL153631)

BOUNDLESS GN

(W/A/CA) Jillian Tamaki

Jenny becomes obsessed with a strange "mirror Facebook," which presents an alternate, possibly better, version of herself. Helen finds her clothes growing baggy, her shoes looser, and as she shrinks away to nothingness, the world around her recedes as well. The animals of the city briefly open their minds to us, and we see the world as they do. A mysterious music file surfaces on the internet and forms the basis of a utopian society — or is it a cult? *Boundless* is at once fantastical and realist, playfully hinting at possible transcendence: from one's culture, one's relationship, oneself. Hannah is a thirty-something wife, home-health worker, and antiwar activist. Her husband, Johnny, is a stay-at-home pothead working — or "working" — on building them a house before the winter chill sets in. They're currently living and screwing in the back of a truck, hoping for a pregnancy, which seems like it will never come. Told with tenderness and care in an undefined near future, Eleanor Davis's *The Hard Tomorrow* blazes unrestrained, as moments of human connection are doused in fear and threats. (STL129557)

HOT COMB GN

(W/A/CA) Ebony Flowers

Hot Comb offers a poignant glimpse into Black women's lives and coming of age stories as seen across a crowded, ammonia-scented hair salon while ladies gossip and bond over the burn. The titular story is about a young girl's first perm-a doomed ploy to look cool and to stop seeming "too white" in the all-black neighborhood her family has just moved to. Realizations about race, class, and the imperfections of identity swirl through Flowers' stories, which are by turns sweet, insightful, and heartbreaking. (STL114404)

Aline Kominsky-Crumb

Aline Kominsky-Crumb immediately made her mark in the Bay Area's underground comix scene with unabashedly raw, dirty, unfiltered comics chronicling the thoughts and desires of a woman coming of age in the 60's. Kominsky-Crumb traces her steps from a Beatles loving fangirl, East Village groupie, an adult grappling with her childhood, an 80s housewife and mother, to a new 30-page story Dream House that looks back on her childhood, 40 years later. Collecting comics from the 1970s through today, *Love That Bunch* is shockingly prescient while still being an authentic story of its era. (STL079459)

Kate Beaton's second D+Q book brings her hysterically funny gaze to bear on these and even more historical, literary, and contemporary figures. Irreverently funny and carefully researched, no target is safe from Beaton's incisive wit in these satirical strips. Beaton returns with a refined pen, ready to make jokes at the expense of hunks, army generals, scientists, and Canadians in equal measure. (STK681801)

MAKE ME A WOMAN HC

(W/A/CA) Vanessa Davis

It's easy to understand why Vanessa Davis has taken the comic industry by storm: her comics are pure *chutzpah*, gorgeously illustrated in watercolors. No story is too painful to tell — like how much she enjoyed fat camp; Nor too off limits — like her critique of R. Crumb; Nor too personal — like her stories of growing up Jewish in Florida. Using her sweet-but-biting wit, Davis effortlessly carves out a wholly original and refreshing niche in two well-worn territories: autobio comics and the jewish identity. Davis draws strips from her daily diary often centering on her relationships with men, her mother, and eventually her long-time boyfriend. (STK423641)

When a birth defect wipes out the planet's entire population of men, Woman World rises out of society's ashes. Dhaliwal's infectiously funny Instagram comic follows the rebuilding process, tracking a group of women who have rallied together under the flag of "Beyonce's Thighs."

Only Grandma remembers the distant past, a civilization of segway-riding mall cops, Blockbusters movie rental shops, and "That's What She Said" jokes. *Woman World* is an uproarious and insightful graphic novel from a talented and funny new voice. (STL089054)

STUCK RUBBER BABY: 25TH-ANNIVERSARY EDITION HC GN

(W/A/CA) Howard Cruse

Set in Alabama in the 1960s, Stuck Rubber Baby tells the story of Toland Polk, a young man who is deeply in the closet and hell-bent on "fixing" his homosexuality. Toland is not prone to making waves, but he finds himself drawn to a lively group of civil rights activists. With his new friends, he starts frequenting sit-ins and gay bars. This raises the ire of local bigots and quite literally brings the Klan to his doorstep. This painstakingly researched and exquisitely illustrated graphic novel draws on Howard Cruse's experience as a young gay man in 1960s Birmingham, Alabama. Both deeply personal and epic in scope, *Stuck Rubber Baby* is a rich and moving tale of identity and resistance. (STL151407) (C: 0-1-0)

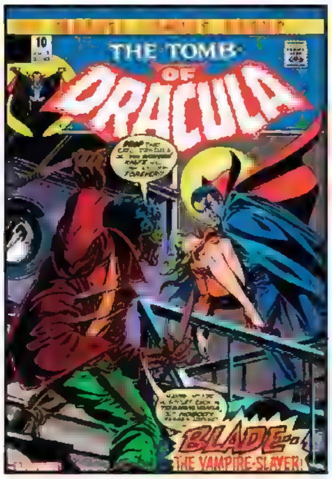
Worth Its Weight in Bronze

THE ROAD TO OVERSTREET 50

This year will mark the 50th anniversary of *The Overstreet Comic Book Price Guide*, but it's a golden anniversary for another big deal in comics – the arrival of what we now call the Bronze Age. Ages and eras are fluid things, and it's difficult for even the most seasoned collector to definitively speak of a single issue or event that defines the end of Silver and beginning of Bronze. But a number of factors occurred in 1970 that generally lead us to define the year as the start of the Bronze Age.

The Bronze Age of comics is one that's perhaps worth paying attention to now more than ever before, according to many of our Overstreet Advisors.

"The collectability and appeal of Bronze Age books have picked up significantly. This is in part as a result of collectors nostalgia, and part as a result of Marvel and Disney announcing large projects across platforms focusing on the characters from the '70s and '80s. This means books which were selling for $10 five years ago are now going for over $50, and key characters like Moon Knight, Blade and Eternals are all enjoying the spotlight," Grant Adey from Halo Certification said. "We also see Silver Age books slowly becoming unaffordable to casual collectors or those on a budget, and as a result the collectors fill the void with Bronze and Copper books."



Some of the prices being seen by individual Bronze Age books are remarkable.

"The prices that key Bronze Age books are selling for nowadays is truly amazing. A certified 9.8 grade copy of *Werewolf by Night* #32 selling at auction for $50,000 and a *House of Secrets* #92 certified 9.8 grade copy selling for $44,900 are two examples," collector Bill Alexander said.

Even specific genres within the Bronze Age are becoming hot commodities.

"*Vampire Tales* was another title with renewed interest this year due to the recently announced Marvel movies and a planned Blade movie. It seems speculators are slowly gravitating toward the Marvel horror books of the Bronze Age," collector Bill Fidyk said. "*Tomb of Dracula* #10 has exploded and caused a tidal wave of interest that lifted other Blade appearances such as *Vampire Tales* #8 (first solo Blade story)."

Collectors of long-storied characters can find plenty to add to their libraries within the realm of the Bronze Age as well.

"Most of the rogues gallery for Batman was created in the Golden Age of comics. But Bronze Age villains are surprisingly some of his most deadly: Killer Croc, Talia, Ra's al Ghul, The League of Assassins and, sneaking into the Modern Age, Black Mask," CBCS Modern and Vintage Grader Paul Figura noted.

Truly, we find new and exciting things about every era of comics with each passing years. With the Bronze Age hitting its own 50th anniversary this year, it's worth taking another look at this interesting period of comic history. Perhaps it'll be a goldmine for your own collection!

When a lost member of an unknown underground species needs help, the sisters must scramble to keep their new friend away from a corrupt military scientist, but they'll do it in style. YORICK AND BONES GN

(W) Jeremy Tankard, Hermione Tankard
(A) Jeremy Tankard

The first book in a rib-tickling and heartfelt young graphic novel series about the unlikely friendship between a skeleton and the dog who digs him up, written and illustrated by a dynamic father-daughter team. Yorick, a hapless skeleton, has just been dug up after a few hundred years of sleep. Bones, a curious stray dog, did the digging. Not realizing that he is a skeleton — or that he's no longer in the Elizabethan era — Yorick tries to make new friends. Much to his annoyance, Bones has quite literally latched onto him, excited to have a tasty leg bone to chew. But when Yorick's friendly overtures scare all the villagers away, it is Bones who remains by his side, and Yorick finally realizes that the friend he truly sought was attached at the hip — so to speak — all along. Available in softcover and hardcover editions. (STL152683) (C: 0-1-0)

The Origin of *On the Fast Tracks'* "Dethany" in an All-New Original Graphic Novel

Hermes Press proudly announces the publication of *Dethany and the Other Clique*, a graphic novel prequel to the hit comic strip series *On the Fastrack*, created by Bill Holbrook. The lighthearted, middle-grade reader by Bill Holbrook and H.H. Glynn follows the popular comic character Dethany Dendrobia as she navigates daily life in contemporary middle school.

The 128-page graphic novel's humor spoofs the restrictiveness of a school's culture of cliques by taking its social strata to absurd extremes. Upper elementary and middle-grade readers will enjoy the laughs along the way and cheer its ultimate celebration of individuality. With *Dethany and the Other Clique*, Holbrook and Glynn introduce young readers to Dethany in a way they can connect with, as she experiences similar challenges of life in middle school.

DETHANY AND THE OTHER CLIQUE; $24.99; written by Bill Holbrook and H.H. Glynn; artwork by Bill Holbrook; 128 pages; hardcover graphic novel; available June, 2020.

After an unfortunate short circuit, he becomes the victim of fabricated feelings of love for his girlfriend Lubna, a brat, who is permanently high and has an abominable temperament. In a world that is a parody of contemporary society, featuring decadence, consumption, and selfishness, Ranx lives on as the epitome of true love. Living in the isolation of the Parsonage house in Haworth Village, the four Brontë children make a startling discovery: a doorway to another world! What seems like paradise soon reveals itself to be just as dark as the real world. Can the siblings resist the allure of Angria, or will they be seduced-and destroyed-by it? Either way, their spirits, their beliefs and their family bond will be tested to the limit! (STL153265) (C: 0-1-0)

Three Days! Three Acres! Three Thousand Men! The epic spectacle of violence, virility, and valor that helped name *Achewood* TIME Magazine's *Best Graphic Novel of the Year.* Join Ray and Beef on the journey through the complete "fight" storyline, from truck-nuts-for-your-smartphone, right through the recumbent tai-chi fighting style, and riding into the boys' return home. Includes bonus features like the History of the GOF, profiles of past winners, and a brand-new look back on the epic storyline by author Chris Onstad himself.

PLUS: A brand new cover by the cartoonist!

Dear Readers of Fine Comics,

What were you doing in 2001? Were you even alive? What were you watching, listening to, who were you becoming? Were you happy we survived Y2K? Were you about to make it big in the dot com boom, or lose big in the dot com bust? Were you reading Achewood?

Webcomics were, and still are, an amazing thing. You can just, like, make a story. You can use whatever tools are at your disposal and just tell the story you want to tell. The sort of intense, subversive energy that tended not to be... appreciated... in conventional society. The bizarre, the difficult or disturbing, the occasionally offensive, the occasionally gut-wrenchingly honest and beautiful. The parts where your characters just kick back and crack jokes. Hell, webcomics don't even need to be webcomics, sometimes they can be an advice column, diary entries, recipes, or transmedia storytelling devices, if you wanna get fancy. You can do whatever you want in webcomics, and Achewood did, and more importantly Achewood made it great.

As I've worked to put together The Complete Achewood Volume 1 these past few months, it's pretty clear that the strip grows from being a place for creator Chris Onstad to experiment, toss out jokes and ideas, and basically just figure out how to be funny in a daily gag format comic strip to something truly special. With the introduction of the larger cast and the exploration of their lives and backstories, Achewood quickly surpasses my old memories of the strip and makes me fall in love with it all over again. Achewood started weird, sure, but it got weirder, sharper, and more surprising. It ruminated on deeply human explorations of depression, relationships, friendships, masculinity, death, and selling your soul to the devil to become a billionaire. It had something to say about all the heavy stuff, but it said it with biting, satirical, and often surreal humour, and it also didn't mind just kicking back for a little bit to have a few frosty beers either.

By the time the cast gathers at Teodor's house for the first big blowout party, readers around the world were declaring Achewood their favourite webcomic. By 2007, Time Magazine declared Achewood "The Graphic Novel of the Year."

It's so strange to be writing this and realizing that Achewood started 19 years ago, because this first volume contains material that is as sharp, incisive, and funny as anything being published today. Taken as one giant tome containing the first three and a half years of strips, advice columns, recipes, prose stories, and so much more, The Complete Achewood is the missing piece of the contemporary graphic novel canon we've been waiting for.

Huh. Good point.

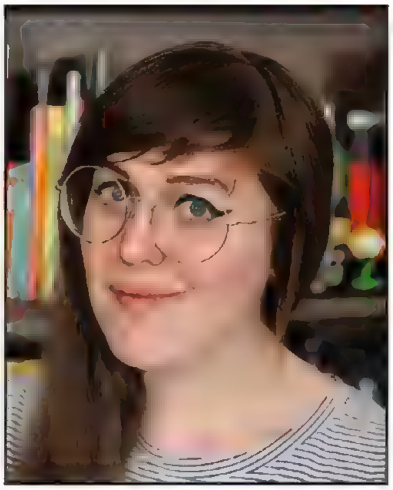
WOMEN IN COMICS 2020: ONI PRESS INTERVIEWS

Today, more than ever, women are a true driving force in the Comics industry. It takes a lot of work to get a comic book from its concept to the printer to your local comic shop and into your hands, and at Oni Press, these women are instrumental in getting things done, at every level, and every task involved. In honor of Women in Comics Month, Oni Press made their a group of their creators and editorial staff available to speak about their roles in the process of creating comics!

ONI CREATORS:

Brenna Thummler

Katie O'Neill,



Sarah Graley

PREVIEWS: *What does it mean to you to be able to create the stories that you want to tell? To create the characters that you want to create?*

Brenna Thummler, *Sheets*: In story-building, I can analyze myself, express my deepest fears and angst and pretend its fiction. It can be helpful to agonize vicariously through a thirteen-year-old girl who doesn't exist. But sincerely, it's a privilege to write what I believe young readers need to hear — to help them learn, imagine, and empathize. Knowing that others are affected by my own creations is indescribably rewarding.

Katie O'Neill, *The Tea Dragon Society*: To me it means being as honest with myself as I can at that time and trying my best to create something that feels true and meaningful.

Sarah Graley, *Our Super Adventure*: I love getting to tell stories about well-intentioned but ultimately goofy misfits — they're the kind of stories that I wanted to read more of when I was younger. I think that the growing popularity of webcomics and young adult and middle grade comics have opened the door for a wider range of stories to be told which is super exciting!

PREVIEWS: *What advice would you give any young woman interested in pursuing a creative career in comics or graphic novels?*

Brenna Thummler: Study art and writing, but don't fear straying from a rigid path. It's important to learn from other creators, but it's just as important to have your own original voice that hasn't been tarnished by influence. As a young woman, you are fierce and resilient. Trust yourself to build stories from your own thoughts and experiences and learn from your own mistakes.

Katie O'Neill: Self-publishing and webcomics are a great way to get your voice out there, and were really instrumental in getting my own career started. Also, get excited about other folks' work! I owe so much of who I am to the people I'm lucky to have grown and learned alongside.

Sarah Graley: My favorite thing about comics is that you can just start! My first comics were all drawn with a biro on cheap printer paper and shared online where I could start to build an audience and engage with other creators.

PREVIEWS: *Who were/are your comic role models (writers or characters)?*

Brenna Thummler: Vera Brosgol, Tillie Walden, Jen Wang, and of course Jillian and Mariko Tamaki. I love the friendship between Rose and Windy in This One Summer, my all-time favorite graphic novel that I return to repeatedly.

Katie O'Neill: I grew up loving the work of the all-female comics collective CLAMP, as well as Rumiko Takahashi.

Sarah Graley: It's really inspiring and exciting to see Raina Telegeimer always crushing it! Her amazing comics have brought so much attention to the wonderful world of graphic novels.

PREVIEWS: *What more can be done to represent a wider range of voices?*

Brenna Thummler: You should study the people around you. Ask them questions about themselves. When you have the power to speak to the world through comics, you have the ability to make others' voices heard. Write about black characters,

LGBTQ characters, socially anxious characters, chronically ill characters, and especially unnoticed characters, and if you don't feel qualified to paint them accurately, just talk to them in the real world. Use their experiences to inspire you and make your stories more colorful.

Katie O'Neill: Having an editor ask if I wanted to publish my female queer romance webcomic changed my life; I think publishers should be proactive in reaching out to traditionally marginalized creators, such as trans women and women of color, and offer them space to pitch ideas or publish the stories they've already made.

Sarah Graley: Hire more diverse folks! There are a whole bunch of great hashtags on Twitter that help to promote queer and POC creatives.

PREVIEWS: *If you didn't work in Editorial, what other job would you have in comics?*

Robin Herrera: I would love to be a reviewer because, like editing, that job also involves carefully reading comics. I feel like being an editor also has given me a better understanding of comics overall and I could bring that experience to reviewing. Plus, getting to read comics before they come out would be amazing! If not a reviewer, I think I could have fun writing marketing copy for comics. It's great to get at the heart of a story and parse that into something like a book summary or a tagline to get people excited to read.

PREVIEWS: *What's the thing that has changed the most since you started working in comics?*

Sarah Gaydos,
Oni Press Editor-in-Chief:
THE INTERNET! This makes me sound 900-years-old, but watching the absolute explosion of folks (especially those not historically represented in the comic book medium) telling their own stories and distributing it via the Internet has been an absolute joy and inspiration. Yes, I do work in BOOK publishing, but we would not be here without the cross-pollination of our artform over many different mediums, showing off how pliable and wonderful comics can be.

PREVIEWS: *What are you currently reading?*

Amanda Meadows: Like most editors, I'm always reading a dozen things at once. This winter I finally caught up on two great 2019 releases: *Surviving the City* by Tasha Spillett-Sumner and Natasha Donovan, an emotional story about two First Nations teens trying to navigate an unkind urban landscape, and *BTTM FDRS* by Ben Passmore and Ezra Clayton Daniels, an incredible gentrification satire that fills me with gleeful "Eat the Rich" feels. Those are great works that I hope encourage way more of this growth in perspective we're seeing in comics today!

BLACK COTTON STAR GN

(W/A) Yves Sente

A Revolutionary War-era secret sends three soldiers on an epic quest across 1940s Europe to Philadelphia, 1776: George Washington asks Betsy Ross to design the first flag of the future United States of America. Her housemaid, Angela Brown, adds to it a secret tribute to the black community: a black cotton star that she slips under one of the white ones. Dover, 1944: A soldier named Lincoln receives a letter from his sister back home that reveals Angela Brown's memoirs, and wonders if the star that she mentions truly exists. His superiors seem to think so. In light of this revelation, Lincoln and two other African-American soldiers set out on a dangerous mission, ranging from liberated Paris to the snow-covered Ardennes, seeking answers — and the ultimate prize. Desperate, he flees to Melvile, an idyllic small town in the middle of nowhere where he once spent vacations with his novelist father. After spending most of his days drinking, smoking, and staring at a blank page, Sam eventually takes a job as a handyman for a pair of siblings in town, David and Rachel. Sam paints their house each day and, slowly, the trio become friends, with Sam beginning to shed some of his troubles. But is it a true fresh start, or just a willful denial of reality? SILVER AGE CLASSICS: STRANGE SUSPENSE STORIES VOLUME 4 HC GN

(A) Charles Nicholas & Various

Charlton's *Strange Suspense Stories* boasted a host of talents: Bill Molno, Sal Trapani, Don Perlin, Bill Fraccio, Maurice Whitman, Charles Nicholas, Richard Doxsee and Gene Colan among many. The real jewel was Steve Ditko whose moody, individualistic touch came to dominate Charlton's supernatural titles and, of course, led to deserved fame over at Marvel and with a kid called Parker. But before that, Charlton's shining light was nowhere near as bright as in the run of *Strange Suspense Stories*, issues 33 through 37 (August 1957 to July 1958). WINE: A GRAPHIC HISTORY GN

(W) Benoist Simmat
(A) Daniel Casanave
The history of wine is the history of civilization. It is the religious drink par excellence. In Greek mythology, references to wine abound. In the Bible, after the Flood, Noah plants a vineyard. In the Middle Ages, it was in the monasteries and churches that the syrupy drink of antiquity, unpalatable if not diluted, was transformed into the wine we know today. Spanning the innovations that have punctuated wine's long history, from oak-barrel aging to the invention of the bottle, wine expert Benoist Simmat and artist Daniel Casanave trace the story of wine from its origins in the Mediterranean to the globalized industry of the 21st century. SHAME PUDDING: A GRAPHIC MEMOIR SC

(W/A) Danny Noble

This memoir, told in graphic novel format, is a personal celebration of the author's charming and eccentric family and how they saved her from the machinations of her own brain. ROBERT CRUMB SKETCHBOOK VOLUME 5: 1989-1998 HC

(A/CA) Robert Crumb
As this volume opens, Robert Crumb has lived his entire life in anxious, introspective, self-flagellating crises, however, so the midlife crisis years bring only a refinement of his lifelong turmoil and further honing of artistic talent. More words accompany the drawings, demonstrating Crumb's brilliant powers of observation, as in a long paragraph devoted to an encounter with one of brother Maxon's vegan turds, and a poetic paean to the heartbreak of life and aging. The most notable new character in this sketchbook is a turbaned holy man named, by young Sophie Crumb, Roman Dodo, who seems loosely inspired by Robert's brother Maxon. Patricia Pig, a cheerful human/porcine hybrid also debuts, alongside portraits of girlfriends present and past. (STL152689) (C: 0-1-0) **NOTE:** Not available in UK. (May purchase from UK vendor.)

Welcome to the Camp Age, when spies liked their wars cold and their women warm, good guys beat bad guys with a pun and a punch, and Batman shook a mean cape. *Hero-A-Go-Go* celebrates the camp craze of the Swinging Sixties, when just about everyone — the teens of Riverdale, an ant and a squirrel, even the President of the United States — was a superhero or a secret agent. Michael Eury takes you through that coolest cultural phenomenon with this lively collection of nostalgic essays, histories, and theme song lyrics of classic 1960s characters like Captain Action, Herbie the Fat Fury, Captain Nice, Atom Ant, Scooter, ACG's Nemesis, Dell's super-Frankenstein and Dracula, the "split!" GRAPHIC INDIGENEITY: COMICS IN THE AMERICAS AND AUSTRALASIA SC

(E) Frederick Luis Aldama

Indigenous stories. Cultural works by and about Indigenous identities, histories, and experiences circulate far and wide. However, not all films, animation, television shows, and comic books lead to a nuanced understanding of Indigenous realities. Aldama brings together scholarship that explores both the representation and misrepresentation of Indigenous subjects and experiences as well as research that analyzes and highlights the extraordinary work of Indigenous comic artists. Among others, the book examines Daniel Parada's *Zotz*, Puerto Rican comics *Turey el Taino* and *La Borinqueña*, and *Moonshot: The Indigenous Comics Collection*. (STL152388) (C: 0-1-0)

Small town star quarterback and quintessential dreamy boy next door, Tate "Nighthawk" Taylor has never thought much about his extra abilities. Sure, his night vision comes in handy during games, but who wouldn't want that extra edge? From the moment Foster and Tate collide, their worlds spiral and a deadly tornado forces them to work together, fully awakening their not-so-natural ability — the power to control air! MANGAPEDIA:
"DIVERSITY IN MANGA — REPRESENTATION MATTERS!"

FROM TOKYOPOP

Diversity in comics has been an important topic of discussion for many years, and with the success of move adaptations like ***Black Panther***, and ***Wonder Woman***, more and more creators and publishers are beginning to understand the importance of representation in media.

Manga has sadly long suffered from a lack of diversity, but as it has become more well-known outside of Japan—widely accepted and embraced by retailers and fans—its influence has also spread, leading to more non-Japanese creators.

There are some truly fantastic examples of this kind of diversity in the manga and anime world, and the offerings improve every day. TOKYOPOP's own International Women of Manga imprint features female manga creators from around the world, and publishes numerous titles that deal with subjects such as gender dysphoria (***Breath of Flowers***), gender equality (***Sword Princess Amaltea***), homelessness (***Don't Call Me Dirty***), internalized homophobia (***Don't Call Me Daddy***), and coming to terms with sexuality (***Star Collector***).

It's vitally important to make sure minorities have a voice in publishing, both in the creation stages but also at the editorial level and that helps everyone involved, from creator to retailer.

SYNOPSIS

Kasumi and Kyousuke are polar opposites when it comes to personality. Kasumi is reserved, soft-spoken and shy; Kyousuke is energetic and has always been popular among their peers. As the saying goes though, opposites have a tendency to attract, and these two have been fast friends since elementary school. To Kasumi, Kyousuke has always been a hero to look up to, someone who supports him and saves him from the bullies. But now, school is over; their relationship suddenly becomes a lot less simple to describe. Facing the world – and one another – as adults, both men find there are things they struggle to say out loud, even to each other.

MARVEL'S FIRST FAMILY RETURNS TO HEROCLIX!

GAMES / WizKids/NECA

The *Fantastic Four* — Mr. Fantastic, The Invisible Woman, The Thing, and The Human Torch — return to *HeroClix* with this all-new expansion, filled with friends and foes alike, along with some rare figures to add to your *HeroClix* teams!

TOY TALK: RICHARD JACKSON

Toys, Statues and other collectibles don't just magically appear on store shelves. A lot of work goes into the concept, design, sculpting and final production of these items, and many of the people who work behind-the-scenes with companies like Diamond Select, DC Collectibles and Gentle Giant, among others, remain mostly unknown to their appreciative audience: the final consumer.

With *Toy Talk*, we hope to introduce you to the artisans behind some of your favorite collectibles, and to let them enjoy their well-deserved moment in the spotlight!

This month, we welcome *Eaglemoss Development Manager*, RICHARD JACKSON...

……

PREVIEWS: How did you get involved in the toys & collectibles industry?

Richard Jackson: I've been an avid comic collector since I was about 14, and while studying microbiology at university, I worked part-time at my local comic shop – the now closed comix-shop in Maidenhead. Working in the comic shop, I basically read everything! So when a comic researcher job came up at Eaglemoss, I went for it. From there, I essentially decided to choose comics and collectibles over molecules and microbes and began to work on designing figurines and editing magazines for what is now the Hero Collector division of Eaglemoss.

PREVIEWS: Can you describe some of the things you do at Hero Collector?

Richard Jackson: The great thing about working on collectibles at Hero Collector is how varied the job can be. I get to work from initial concept to final production of an item, and this can be anything from a 3" figurine to a 12" statue; a die-cast Batmobile to an Alien spaceship; or simply a reference magazine like the *Marvel Fact Files*. What this means practically is that I get to create the basic design of a collectible – choosing the property, character, pose – then work with licensors to get approval before sending this design concept to a team of artists to sculpt. I get to work with extremely talented sculptors to realize the model we want to make, which for my part means a lot of Photoshop work to give direction to the artist, creating paint guides for the models, and checking the final product. In addition to the work on the collectibles, I also get to write and edit the magazines that come with a lot of our figurines.

PREVIEWS: What's your process for developing/designing products for Hero Collector?

Richard Jackson: Everything starts with research. Everyone who works on the collectibles at Hero Collector is a fan of at least one of our licenses, so we pull our knowledge together alongside the research to make something we would actually want to own. We have access to an amazing number of official images, but we also have a huge library of comics, TV shows and movies in the office, and use this resource to choose which characters/ships to make and what poses they should be in. When it comes to static posed figurines, my aim is to capture the essence of the character or moment. For *WWE* we look at important and memorable moments in the wrestler's history, for *Marvel Movie Figurines* we go through the movies to recreate a cool look or moment from film, and for comic book properties we do a combination of memorable pose with classic look/costume.

PREVIEWS: Hero Collector's new Marvel Heavyweights line of hand-painted solid metal statues looks amazing! Can you share any details that led to its creation or things that collectors can look forward to with this line?

Richard Jackson: Hero Collector has been looking at getting back into metal figurines for a number of years now. Some of our most popular past collections (*Classic Marvel Figurines* and *Lord of the Rings Figurines*) were made from metal, and while the move to polyresin and plastic figurines has allowed us to make our collectibles bigger and more detailed, we've always wanted to bring back the surprise of picking-up a 5" model that has some weight to it. There's just something about the heft of a metal figurine that makes it feel good, it's that classic *Jurassic Park* line "Is it Heavy? Then it's expensive!". So, with that in mind, we've been working with our sculptors and manufacturers to come up with a new metal alloy that retains detail, holds paint well and feels substantial. We chose Marvel Movies as the right property to begin the *Heavyweights* line not only for its huge popularity, but because it gives us the chance to show the detail and complexity we can achieve – it's also cool to have an all-metal Iron Man figurine.

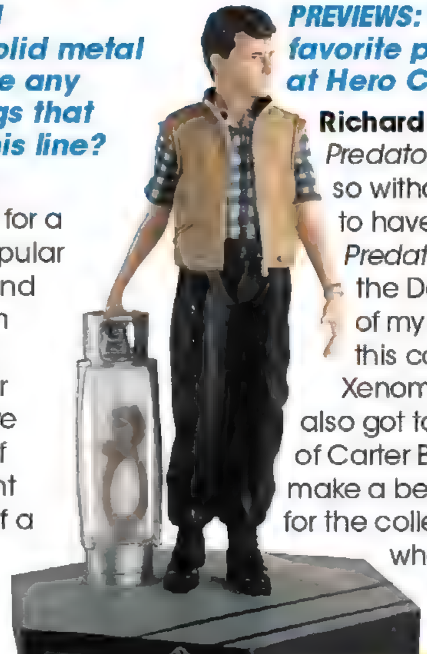
COLLECTIONS



PREVIEWS: What are some of your favorite projects you've worked on at Hero Collector?

Richard Jackson: *Alien*, *Aliens* and *Predator* are three of my favorite movies, so without a doubt my favorite thing to have worked on is the *Alien and Predator Figurine Collection*! I also love the Dark Horse *Aliens* comics, so one of my favorite models we made for this collection was the "Jeri" Synthetic Xenomorph from *Aliens Stronghold*. We also got to be a little creative with a model of Carter Burke from *Aliens* and decided to make a between-the-scenes model of him for the collection. There's the scene in *Aliens* where Ripley and Newt get locked in a room with two Facehuggers, and you never get to see how the creatures got into the room... but in the film we know Burke released them to try and smuggle a xenomorph back for the company. So we captured that unseen moment in the sculpt by having Burke carrying one of the tubes with a Facehugger in it!

ALIENS
STRONGHOLD

One of my other favorite projects was also my first at Hero Collector – the *Classic Marvel Figurine Collection*. This collection went to over 200 figurines, which meant that I could choose a few of my favorite characters to make into models. The characters I'm particularly pleased we made are Blink, Son of Satan, and Union Jack.

PREVIEWS: What other future Hero Collector collectibles can we expect in 2020?

Richard Jackson: Aside from the *Heavyweights* line, we're going to be looking at more Marvel Cinematic Universe collectibles with potential lines of scaled props and artefacts. We're also looking to launch *Rick and Morty* figurines, although due to our licensing agreement this will initially only available in Europe. *Star Trek Starship* models are one of the best collections we make, so with the new *Star Trek: Picard* show and the eventual return of *Discovery* for Season 3, I know the team are going to be working hard to get out new ships. And then, we have a few new licenses lined up for both figurine and ships/vehicle collections, but I can't reveal much more at the moment. Watch the Hero Collector section in ***PREVIEWS***!

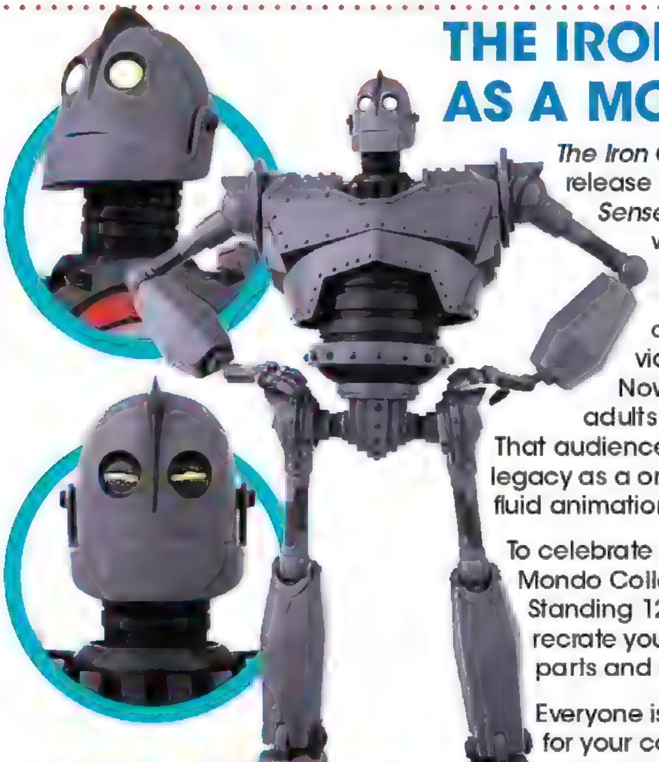
THE IRON GIANT RETURNS... AS A MONDO MECHA FIGURE!



M-53 Toys Statues & Models

The Iron Giant may have not taken the box office by storm upon its release in the late summer of 1999. Contending with the likes of *The Sixth Sense*, *The Blair Witch Project*, and *Runaway Bride*, the summer of '99 was a wild year for big hits. The film never stood a chance given audience's taste at the time and was destined to be forgotten. Miraculously the film managed to find an audience thanks to critical praise and a strong word of mouth following its home video release.

Now, *The Iron Giant* lives on in the hearts and minds of kids and adults who were willing to give Brad Bird's directorial debut a chance. That audience has kept the memory alive and today *The Iron Giant* leaves a legacy as a one-off animated masterpiece that holds up thanks to its beautiful fluid animation and emotionally timeless story.

To celebrate one of the greatest feature-length animated films of all time, Mondo Collectibles is creating the *Mondo Mecha Iron Giant Action Figure*. Standing 12.5 inches tall and featuring 35+ points of articulation, you can recrate your favorite scenes from the film using the many interchangeable parts and accessories included with the figure. Keep in mind, he's not a gun!

Everyone is Hogarth at heart, take home your very own Iron Giant for your collection. Just remember to hide any metal laying around in case he gets hungry!
